Career Goal

I am a second-year IT student at Passerelles Numériques Vietnam with knowledge of HTML, CSS, and JavaScript. I am seeking a Front-end Internship to gain hands-on experience in building responsive web applications. I am eager to learn, improve my skills, and become a Front-end Developer.

Education

Passerelles Numériques Vietnam (PNV) *2024 – 2027*
Da Nang College (DNC)

Diploma of Software Engineering

Work Experiences

Library Management System *Jan 5 – Feb 6, 2026*
Front-end Developer | PHP

- Designed the UI for the Library Management System.
 - Developed the User Profile interface.
 - Tested user features and fixed bugs during development.
- https://github.com/Hothivai/library_management_system

DAV Travel – Tour Booking Website *Oct 2 – 28, 2025*
Front-end Developer | HTML, CSS, JS

- Developed CRUD using JavaScript and JSON.
 - Tested main features like login, register, and booking.
 - Performed both interface and functional testing.
- <https://github.com/Hothivai/web-dav>

Milk Tea Shop Management System *Jun 17 – 26, 2025*
Back-end Developer | Java

- Developed a simple ordering system using Java.
 - Tested menu selection, order flow, and payment.
 - Checked input errors and total price calculation.
