CAREER GOAL

I am a second-year IT student at Passerelles Numériques Vietnam with basic knowledge of Java and web development. I am seeking a 3-month Tester Internship to practice manual testing, writing test cases, and reporting bugs in a real working environment. My career goal is to become a Software Tester and contribute to ensuring product quality for the company.

EDUCATION

2024 – 2027 **Passerelles Numériques Vietnam (PNV)**
Da Nang College (DNC)
Diploma of Software Engineering

EXPERIENCES

- Jan 5 – Feb 6, 2026 **Library Management System**
Front-end Developer | PHP
- Designed the UI for the Library Management System using Figma.
 - Developed the User Profile interface using PHP, HTML, and CSS.
 - Tested user-related features and identified bugs during development.
- https://github.com/Hothivai/MVC_G1-LIBRARY-MANAGE-SYSTEM
- Oct 2 – 28, 2025 **DAV Travel – Tour Booking Website**
Front-end Developer | HTML, CSS, JS
- Developed CRUD features using JavaScript and JSON for the system.
 - Tested the main features such as login, register, and booking.
 - Checked the interface and system functions during the testing process.
- <https://github.com/Hothivai/web-dav>
